

Folk Tales

Title *

* Author

Draw a picture of the setting of the story.

List the main characters and give two words to describe each one.

Change the end of the story by changing a decision made by the main character. Discuss the new decision and its effects in the folk tale.

Would the story (with the new ending) teach the same lesson it did with the original ending?
If so, what is the lesson?
If not, what is the new lesson?
